

FEMS DAY IN SERBIA

September, 28, 2018 Novi Sad

PROGRAM

	LECTURER	TOPIC
13:00 – 13:05		Opening ceremony
13:05 – 13:15	Prof. Vaso Taleski FEMS Board of Directors	FEMS – goals of further development of FEMS and cooperation with Serbian Society for Microbiology
13:15 – 13:30	Asist.dr Ina Gajić Faculty of Medicine, University of Belgrade	Molecular characterization of invasive and non-invasive isolates of group B Streptococcus in Serbia – distribution of capsular polysaccharide types and clonal relatedness
13:30 – 13:45	Asist. dr Irena Arandžević Faculty of Medicine, University of Belgrade	Genotyping and whole genome sequencing of M. tuberculosis - phylogenetics, transmission and genetic basis of resistance to antituberculosis drugs
13:45 – 14:00	Doc.dr Milena Pantić Faculty of Agriculture, University of Belgrade	Preparation and characterization of extracts prepared from selenium enriched Pleurotus spp.
14:00 – 14:15	Ivan Nikolić Research assistant Faculty of Biology, University of Belgrade	Phylogenetic status and host range of Pseudomonas syringae isolates, causative agent of sugar beet leaf spot disease in Serbia
14:15 – 14:30	Jovan Bajkin ProMedia	ProReady - Production of ready to use microbiological media
14:30 – 14:45		COFFEE BREAK
14:45 – 15:00	Doc.dr Milica Mirković Faculty of Agriculture, University of Belgrade	Viability of encapsulated potential probiotic bacteria in food products and gastrointestinal conditions
15:00 – 15:15	Dr Ružica Tomićić Faculty of Tehnology, University of Novi Sad	Microbial survival on different wooden surfaces
15:15 – 15:30	Dr Zorica Tomićić Institute of Food Technology in Novi Sad, University of Novi Sad	Antimicrobial and anti-adhesion activity of plant extracts and essential oils against Candida spp. and Pichia spp.
15:30 – 15:45	Goran Vukotić Research assistant IMGGE, Faculty of Biology, University of Belgrade	Characterization of bacteriophages active against nosocomial multidrug resistant bacteria, isolated from Belgrade wastewaters
15.45 – 16:00	Svetlana Soković Research assistant IMGGE, Faculty of Biology, University of Belgrade	Identification and characterization of microvesicles of Lactobacillus plantarum BGAN8 strain
16:00 – 17:00		COCTAIL

SPONSOR OF SYMPOSIUM

ProMedia
Specialists In Laboratory Supplying

ORGANISER

PCO PARTNER – MANAGEMENT
COORDINATOR
